Lighting or illumination is the deliberate use of light to achieve a practical or aesthetic effect. Lighting includes the use of both artificial light sources like lamps and light fixtures, as well as natural illumination by capturing daylight. Daylighting (using windows, skylights, or light shelves) is sometimes used as the main source of light during daytime in buildings.

Here's my recommendations on how to get started with your Canon 1D Mark IV which is the most amazing piece of camera equipment I've ever owned. However, it is also a very advanced system which needs input from the photographer on your intent in order for its AF system to perform its best (just like for exposure we must set the ISO, Aperture and Shutter Speed).
