BPMN Studio – Free online service for business process

BPMN is vital to the Business Process Expert. What is BPMN? BPMN is a graphical notation for modeling business processes. A BPMN model is essentially a diagram of the process flow, but a process model is more than a drawing. Each diagram element, called a flow object, carries a specific meaning defined in the BPMN specification and subject to its rules.

BPMN and the Business Process Expert - Community Archive

Business process modeling and notation is a flowchart method of graphing a business process. It's done exactly the same way as you'd create a flowchart process map, the only difference is that BPMN comes with its own symbols and elements.
