The City of Rochester per Ordinance Chapter 50. Building Code requires Residential Building permits for detached one-and two-family dwellings. This applies to brand-new home construction as well as remodels, additions, and basement finishes of all sizes. The building permit application process begins with submittal of an application and required documents to the Building Safety Department.

In carpentry, a reveal is a feature resembling a rabbet, but constructed of separate pieces of wood. A reveal may typically be seen at the edge of a door or window, where the face molding is set back, often by a distance from 3/16" (5 mm) to 1/2" (12 mm,) to reveal the edge of the casing plank.. A "tight reveal" is where the distance to the edge of the casing is kept as small as possible, to ...
