These contemporary liberal theories of public reason are, I think, the most philosophically interesting and innovative developments in contemporary political theory.

### **Contemporary Theories of Liberalism**

Melleuish began by outlining the basics of liberalism in relation to its core principles of individualism and liberty. Following from these principles were four key elements of liberalism: individualism, egalitarianism, universalism and meliorism. The presentation was made in such a way so as to give the classical liberal point of view of liberalism.
