Origin of the Constellations. Ever since people first wandered the Earth, great significance has been given to the celestial objects seen in the sky.

The Constellations | IAU

The IAU published the original definition proposal on August 16, 2006. Its form followed loosely the second of three options proposed by the original committee. It stated that: A planet is a celestial body that (a) has sufficient mass for its self-gravity to overcome rigid body forces so that it assumes a hydrostatic equilibrium (nearly round) shape, and (b) is in orbit around a star, and is ...
