Community Development Strategies In order to increase the local capacity for independent community action, and to discourage dependence on government, people need some basic skills and knowledge. One of the major goals of community development is to strengthen the capacity of individuals to learn all the time, and to remain flexible and adaptable.

Community Development Methods and Strategy

community based. With regards to community, Hawe (1994) talks about three different concepts of community that are found in CBIs. First she says is "the most common notion of community found in health promotion is the most simple...community as 'lots and lots of people' or community as population" (p.220).

Community and Community Based Interventions

Certain retention strategies that are emerging as best practices, such as mandatory orientation, may reduce enrollment by introducing barriers to students whose work and family commitments limit their availability. However, many community colleges seek to accommodate students' schedules by offering
