Management System is elaborated. A user manual explains the important steps in SAP CMS.

### **Collateral Management with SAP CMS: configuration and user**

The standard system allows you to create an asset directly or from the object management systems such as  
Real Estate, Securities or Ships. To create asset from other external object systems, you must define the  
object systems in the IMG under Asset ® Define Object Systems. Additionally, you must implement the  
relevant BAdI provided in the standard system.
