Information for parents. The Australian Curriculum " Years

Australia's current arrangements in international scientific engagement require increased strategic focus and commensurate support. This paper seeks to inform that process and makes recommendations about objectives and elements of programs required to enact the effective internationalisation of Australian science strategy.

Internationalisation of Australian Science

The Australian Curriculum: Science provides opportunities for students to develop an understanding of important science concepts and processes, the practices used to develop scientific knowledge, of science's contribution to our culture and society, and its
