A Portable Document Format (pdf) file is a self-contained cross-platform document. In plain language, it is a file that will look the same on the screen and in print, regardless of what kind of computer or printer someone is using and regardless of what software package was originally used to create it.

Yes indeed, we too use "cookies." Don't you just LOVE clicking on these things on every single site you visit?

I know we do! You can thank the EU parliament for making everyone in the world click on these pointless things while changing absolutely nothing.
